INTRODUCTORY

In presenting the Second Edition of the TOWN OF LINDSAY DIRECTORY, we wish to thank the business people for their cordial support and the public in general for the courtesy extended our representatives who gathered the information. This Directory is very complete and as accurate as possible.

The number of names in the Alphabetical section is 3,975 which multiplied by 2½ (the usual figure used by Directory Publishers in estimating the number of inhabitants) gives a population of 9,938 for the Town of Lindsay including the outskirts.

The Directory will be published biennially.

THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such Information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Free to green keepers and others who desire the latest information on the building of a new Club Green or renovating an old lawn.

We quote Special Prices to Clubs, Institutions, Parks and others who require seed in large quantities.

BOOK ON LAWNS AND GREENS

LAWNS AND GREENS

It is most important that the lawn should be sown with a mixture of grass seeds especially adapted for the purpose required. A mixture suitable for a Park or Golf Course would be quite unfit for a private lawn, Bowling or Putting green. All the finest grasses that are most suitable for the formation of a lawn when grown for seed, produce very much less weight of seed per acre than do the coarser growing varieties, consequently the cheaper the mixture the coarser the turf. We maintain that the finest dwarf growing grasses are the most economical even for large areas, as the turf formed by the dwarf compact habit of the finest grasses requires to be mown only about half as many times as a turf formed of coarser growing varieties.

THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such Information as a buyer wants to know. Index your business under all classifications where a customer might look for you.
To be properly registered costs less than to be left out.
